1 Pursuant to the Court's December 10, 2025 Order (Dkt. 838), the undersigned parties
2 respectfully submit this Joint Status Report Regarding Motion to Approve Class Notice.

3 **JOINT STATUS REPORT**

4 At the November 19, 2025 hearing (Dkt. 834), and in its Order on December 10, 2025 (Dkt.
5 838), the Court instructed the parties to meet and confer regarding the class notice plan and provide
6 an update to the Court by December 19, 2025. The parties met and conferred on December 9 and
7 15 regarding class notice and have reached agreement as to the form and method for providing
8 notice and the notice period.

9 As to the notice, the parties have exchanged and agreed to the language of the long form
10 notice and email notice. Direct Purchaser Plaintiffs ("DPPs") in consultation with their claims
11 administrator had originally proposed postcard notice given the size and information available for
12 the class. Defendants have since agreed to supplement Celestron transactional sales and costs data,
13 in the same form and format as previously produced in the litigation, so as to provide customer
14 transactional information for the class period identified in the notice and to include email
15 information for class members.¹ With Defendants' agreement to supplement transactional data,
16 DPPs have agreed to provide notice via email to class members. The parties are continuing to
17 confer regarding the specific data to be supplemented and will update the Court if they are unable
18 to reach agreement as to that discovery, but the parties do not anticipate that this issue will prevent
19 the parties from reaching agreement on the notice process or the notice process moving forward.

20 Given the parties' alignment, the parties are continuing to meet and confer and expect to
21 reach agreement as to any remaining issues shortly. Provided no other issues arise, the parties
22 expect to be able to file a joint motion for approval by December 26, 2025.

23
24
25
26
27 ¹ Defendants, however, reserve all rights regarding arguments that (i) DPPs are not entitled to
28 additional discovery; (ii) that the time period covered by this transactional data (as well as the time
period set forth in the notice) is outside the proper damages period; and (iii) any eventual use of
this transactional data by DPPs or their economist, Dr. Zona.
